

<h1 style="text-align: center;">Matt Hamilton</h1> <h2 style="text-align: center;">Secondary Curriculum Design Science</h2>	
<p>Name</p>	<p>Matt Hamilton</p>
<p>Role</p>	<p>Head of Science Secondary Science Curriculum Designer</p>
<p>Organisation</p>	<p>Kingsbridge Community College Education South West</p>
<p>Phase Subject Taught Subject / Phase Designed</p>	<p>Secondary Science - Chemistry Secondary Curriculum Design Lead for Science (Chemistry)</p>
<p>About me</p>	<p>14 years in Teaching Director of Science at Kingsbridge Community College.</p>
<p>Science is special because:</p>	<p>Science is the pursuit of knowledge and understanding of the world around us. If you have a passion for science and want to share that with the next generation of scientists this course will enable you to do so. We will look to secure your subject knowledge in all aspects of science to enable you to inspire and enthuse the young people you will teach. Alongside your subject knowledge you will build knowledge of pedagogical processes to help shape the minds of the future and to be the inspiring teaching students remember for the rest of their lives.</p>
<p>Train / Work Somewhere Special</p>	<p>Schools need great teachers. Being in a job where you are able to work with trainee teachers and offer a school-based training course into the</p>

	profession that is developed by teachers, delivered by teachers, for teachers, is an amazing privilege.
Work Somewhere Special	<p>Teaching is special because:</p> <ul style="list-style-type: none"> • You can make a difference to a child's life • Every day is different and full of surprises • Teachers make all other professions possible
Live Somewhere Special	Walking by the sea and on Dartmoor.
