ARE YOU PASSIONATE ABOUT SHAPING THE FUTURE OF EDUCATION AND CHANGING LIVES?

BA (Hons) Primary Education (2-year fast track)

Our accelerated two-year degree in Primary Education takes a critical look at educational theory and the primary practices it underpins. Whilst offering the chance to gain an in-depth understanding of how children learn, our course capitalises on Plymouth Institute of Education's unique geographical location in Britain's Ocean City.

Please visit our BA (Hons) Primary Education (2-year fast track) webpage to find out more.

Why Plymouth?

- Fast track and gain a full BA (Hons) degree in two-years
- 100% coursework, no exam assessments
- Optional placements in a wide range of educational settings

"There are great benefits in choosing our 2-year BA programme, versus other BEd programmes out there. Ultimately, both routes can lead to Qualified Teacher Status (QTS) in three academic years, but with our programme, you'll spend 2-years really honing your understanding of teaching pedagogy and wider societal factors in education, without the added demands of also trying to develop your own professional practice as a teacher at the same time."

**Jo Hawkes and Tamara Mortimer, Programme Coordinators
BA (Hons) Primary Education (2-year fast track)**
